RARE AND EXCEPTIONAL OPPORTUNITY

EXPRESSION OF INTEREST

John and Tom are planning a personal wet season (January or February) trip from Seisia to Cairns and then Cairns Seisia fishing, diving, camping & exploring the Cape's east coast in the new 9m alloy cat.

The opportunity is available for just a handful of individuals to join them. You will be highly motivated, self-sufficient and willing to be a productive member of the small crew.

You will need to be used to boating and 'roughing it' and want to experience this inaccessible wilderness.

This trip is not for the faint-hearted but for those who do it, it will truly be a trip to remember forever.

[If you may be interested, email John.](#)

The trip will be approx. a week each way, dates are not set and details are not yet available.
